### **Care Staff Person to Person in Need**

Greetings, NAME. This is Cate from the Care Ministry at Harvest Bible Chapel. We're grateful that you've reached out. I've given your contact info to the Care Team at your campus. You will hear from one of our Care Connectors shortly via email or text with an invitation to meet.

Our Care Connectors are trained volunteers from our church who are gifted and skilled at providing help and hope. Care Connectors will often meet with someone one, two or three times. The rhythm of those meetings will depend on the severity of the situation, your ownership, and each person's availability.

We've seen that when a person leans into this opportunity, they often find the hope and help they need. If more care is needed, Care Connectors are prepared to provide ideas of what the next best steps may be.

You will have the chance to meet with two of our Care Connectors. We do this so that you receive a greater breadth of wisdom.

Keep an eye out for an email and/or text coming soon from a Care Connector. They're eager to provide care for you.

Yours truly,  
NAME

Please let me know by this time tomorrow. Thank you!

**Connecting the Care Connector to the Person in Need**

Hi, NAME & NAME.

I'm grateful for your willingness to connect to care for a MAN/WOMAN from our campus: NAME.

PROVIDE A LITTLE BACKGROUND ON HER RELATIONSHIP WITH HBC AND PREVAILING ISSUE.

The next step would be for you both to connect to map out your availability. From there, one of you should reach out to NAME. PASTE CONTACT INFO HERE.

As you prepare to meet, keep in mind our 4Cs of being a Care Connector: connect personally...to the Gospel...to truth...to next steps. I'm confident that meeting 1-2-3 times will be very refreshing.

Remember that the web pages below are full of tools to help you care.
